

Regular lines: POLAND – SWEDEN and POLAND - DENMARK within ENTERPRISE LOGISTICS groupage system

Enterprise Logistics groupage system between Sweden, Denmark and Poland is based on five solid groupage connections leaving Poland always during weekends and additionally to southern and central Sweden also during working weeks.

Distribution of the consignments is carried out directly by our drivers in the whole area of Denmark and in more than half of the area of Sweden. We operate in the most distant destinations in the north of Sweden with the support of our Swedish partner. By that means Enterprise Logistics groupage system offers the deliveries throughout the entire territory of Sweden and Denmark.

that were collected from Poland on Monday and Tuesday, from codes PL 4-9. The deliveries to the consignees in Sweden are carried out on Thursday and Friday. We also collect and deliver shipments from Sweden, codes S 2-5 to Poland, codes PL 4-9 during one week.

The new service that we offer to our customers is the carriage of partial goods in controlled temperature.

POLAND → DENMARK → POLAND

The traffic Poland – Denmark – Poland is held by two groupage lines: **to Jutland and Fyn** (codes DK 5-9) and **to Sealand** (codes DK 1-4). Those lines carry the consignments that are collected from Monday to Friday, the deliveries to the consignees in Poland and similarly in Denmark: Monday – Tuesday the following week.

We offer the carriage of partial goods in controlled temperature within the groupage line to Sealand.

We perform carriage of dangerous goods ADR as well as dedicated express shipments to all supported directions.

POLAND → SWEDEN → POLAND

Our connection between Poland and Sweden consists of three lines: **to southern Sweden** (codes S 2-3), **to Goteborg and Jonkoping area** (codes S 4-5) and **to the region of Stockholm** (codes S 1, 60-64, 70-76).

Consignments from Poland are collected during one week and then delivered to the consignees in Sweden after the weekend, on Monday and Tuesday. Service from Sweden to Poland works likewise.

The trucks of the first two groupage lines to codes S 2-3 and S 4-5 are also sent during the week. Those deliver goods
